IMPRESSA J9 One Touch TFT

SWISS  MADE

It's all about enjoyment

The new best in the class of the IMPRESSA J line is easy to get to grips with right from the word go. Its ingenious operating concept couldn't be easier or more self-explanatory: simply use the Rotary Selection to choose the speciality coffee you want, press the button, sit back and savour the taste. It goes without saying that the one-touch automatic coffee machine prepares the full range from latte macchiato to ristretto at the touch of a button and without you having to move the cup.

TFT display with Rotary Selection

It's an operating concept that sets new standards. Simply turn the Rotary Switch and a list of speciality coffees appears on the modern TFT display. All you need to do is press the button once, and you'll soon be drinking coffee that fulfils your wildest dreams.

Height-adjustable cappuccino spout on a continuous scale up to 153 mm

The height of the cappuccino spout for latte macchiato and cappuccino and the coffee spout can be adjusted on a continuous scale. This allows you to create the perfect specialities both in a small espresso cup and in a latte macchiato glass up to 153 mm tall whenever you want.

Revolutionary fine foam technology

Another new development from JURA ensures a unique milk foam quality of a fine, feather-light consistency: fine foam technology.

Visual brilliance

The front of the elegant automatic machine is finished with a high-quality double coat of metallic-look brilliant silver lacquer. The stylish white aluminium top, sides and back complement the beautiful all-round design.
