

Technical overview

Key-features

Latte Macchiato at the touch of a button	■
Cappuccino at the touch of a button	■
Energy Save Mode (E.S.M.©)	■
Active bean monitoring	■
Sound design	■
Adjustable coffee strength	■
Rotary Switch	■
Graphic display	■
Two separate heating systems	■
Counter for cups dispensed	■
Indication of care status	■
TÜV Certificate for user-friendly operation manual	■

IMPRESSA key technologies and standards

Intelligent Pre Brew Aroma System (I.P.B.A.S.©)	■
CLARIS plus filter cartridge (I.P.W.S.© compatible)	■
Two cups in a single brewing operation	■
Powerful 6-level conical grinder	■
Thermo-block heating systems	2
High-performance pump,	15 bar
Coffee powder shaft for second pre-ground coffee	■
Multilingual display dialogue system (7 languages)	7
Automatic recognition of filter change	■
Automatic recognition of maintenance programmes	■
Cup illumination	■
Power Switch	■

Programming

Programmable brewing temperature	■
Programmable water quantity for coffee	■
Programmable hot water	■
Programmable switch-on time	■
Programmable switch-off time	■
Automatic switch off	■
Integrated rinsing/cleaning/descaling programme	■
Adjustable water hardness	■

Preparation Times

1 Espresso (50 ml)	appr. 30 sec
2 Espresso	appr. 45 sec
1 Coffee (100 ml)	appr. 40 sec
2 Coffees	appr. 65 sec
1 Cappuccino (60 ml coffee)	appr. 55 sec
1 Latte Macchiato (35 ml coffee)	appr. 75 sec

Capacity

Daily capacity approx.	50 cups
Volume of bean hopper	260 g
Optionally expandable to	750 g
Volume of grounds container	approx. 40
Water tank capacity	7.5 L

Accessories (all optional)

Milk Cooler	■
Cup warmer	■
Permanent connection to water supply	■
Catering Mobil	■
MDB Interface	■
Different billing systems	■

Facts

Variable brewing unit	5 – 16g
Height-adjustable dual-purpose dispenser	66 – 146 mm
Weight	13.8 kg
Dimensions (W x H x D)	41 x 47 x 39 cm
Cable length	1.1 m
Intensity of current	10 A
Voltage	230 V AC
Power	1,350 W
Article No. IMPRESSA Xs90 One Touch black	13508
Article No. IMPRESSA Xs95 One Touch platinum	13547
Swiss Made	■

IMPRESSA XS90 One Touch

SWISS  MADE

All-in-one coffee solution

Mention the word 'coffee' today and people no longer think of just espresso or milk coffee but also popular favourites like latte macchiato or cappuccino. So the fact the IMPRESSA Xs90 One Touch produces no fewer than twelve different coffee types at the touch of a button is welcome news. And thanks to its compact dimensions and light-weight (13.8 kg), the machine delivers the mobility we associate with JURA.

Design

From the start it was clear that the design of the machine would have to reflect the quality and characteristics of our freshly prepared coffee specialities. Controls such as the selector with backlit pictogram, the Rotary Switch or the graphics display are not only eye-catching optical highlights but also an immense aid to navigation.

Ecological intelligence

The IMPRESSA Xs90 One Touch helps relieve the strain on the environment and your budget. Thanks to Energy Save Mode (E.S.M.©) the machine uses up to 40% less energy and, if you so wish, switches automatically to standby mode after a certain time. And if you are planning not to use the machine for an extended period of time you can use the power switch to disconnect it from the power supply.

Time management

For most of us, enjoying a well-made cup of coffee is one of life's daily pleasures. The IMPRESSA Xs90 One Touch is fully aware of this and comes with an integrated time management system that ensures you never miss one of those special moments in the day. At any given time, the machine switches on – or off – automatically and ensures you have the kind of coffee you want.

An all-round coffee solution

Using optional modules such as the Cup Warmer, with a matching Milk Cooler or an accounting Interface, the machine can be upgraded into an all-round coffee solution or even for self-service operation. Even people with little or no experience of coffee machines will find it a snap to operate. The programming buttons are concealed discreetly behind a flap which can even be blocked to only be accessible to specific users.
