Dear Customer,

Regarding your product **WMF Special-Cleaning Granulate** you can download the below information via the link above:

1. Safety data sheets in all available languages
2. Ingredients data sheets in all available languages

To 1.

Open the above link or scan the QR code.

Go to the field: *Language*. A dropdown box will open with all available languages and country codes. Select the language with the corresponding country code.

Now go to the button: *Type*. Select "**msds**" for the document safety data sheet. Then press the blue button: *Download*

The safety data sheet will now be displayed as a pdf file, which you can send or print out.

To 2.

Open the link above or scan the QR code.

Go to the field: *Language*. A dropdown box will open with all available languages and country codes. Select the language with the corresponding country code.

Now go to the button: *Type*. Select "**isds**" for the document ingredients data sheet.

Then press the blue button: *Download*

The ingredient data sheet will now be displayed as a pdf file, which you can send or print out.

The data reflects the latest available status. For further questions, please do not hesitate to call us.
