The premium automatic speciality coffee machine that sets a new standard

The JURA GIGA 10 is a premium automatic speciality coffee machine that sets a new standard in performance and redefines what coffee should be.

With two bean containers, each with its own grinder, the revolutionary cold extraction process, an innovative panorama panel for ease of use and an intuitive new operating concept, the GIGA 10 offers a wider choice of speciality beverages than ever before. It is presented in a stunning design that impressively emphasizes the power of this unique machine. The GIGA 10 recreates the experience of barista-crafted coffee at home, transforming your kitchen into a coffee bar with just the touch of a button.

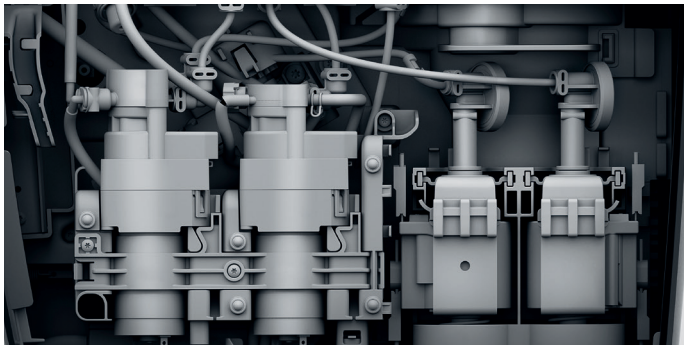

For maximum clarity and even more intuitive operation, the GIGA10 comes with a new touch-operated panel in wide panoramic format. The new panel allows you to see everything at a glance.

For maximum professionalism, the GIGA 10 features not just one but two high-performance grinders made of a long-lasting, high-quality ceramic material.

With a total of 35 speciality coffees, the GIGA 10 offers the widest choice of any JURA coffee machine. It also includes long black as well as 'cold brew' as the latest innovation of JURA.

The ultra modern design not only makes servicing easier, but keep the inside of the machine clean. The design is a feast for technicians as well as users.
